Title: System and Method for Automatically Forwarding Email and Email Events Via a Computer Network to a Server Computer

Commissioner for Patents
P.O. Box 1450
Arlington, VA 22313-1450

AMENDMENT AND RESPONSE

Sir:

In response to the Office Action dated March 27, 2003, please amend the above-identified application as follows and consider the following Remarks.

In the Specification:

Please replace the Abstract beginning of page 26, line 5 with the following rewritten Abstract:

--The system and method enables the automatic routing of email and information corresponding to email to a database. The system and method also enables the filtering of email, determination of a protocol based on the filtering, and the transfer of the email according to the determined protocol.--

In the Claims:

Please cancel claims 9 – 14:
